

PORTAGE COUNTY PARTISAN PRIMARY

Tues, Aug 9, 2022

This is a PARTISAN primary meaning that the voter must choose one party in which to vote. Listed below are the DEMOCRATS running in the primary. There are several races that have more than one candidate running (one with eight!) The state party as well as your county party will not endorse any Democrats in the primary except those who are running unopposed. Please take the time to investigate the many fine Democrats running to improve the quality of life in Wisconsin.

There is also a referendum on the ballot for **residents of the City of Stevens Point**, which- if passed - would create an ordinance that would require the city to hold public votes on all transportation projects valued at more than \$1 million. Supporters of the referendum feel that this would better publicize the city plan to rebuild 3 miles of Business 51 through the heart of Stevens Point. Opponents say that the ordinance would bring city government to a standstill if it needed voter approval for every transportation project.
